JEW SWINDLE

The Jewish Chronical in London boasts that the Jews in Israel have once again forced an extension on the "reparations" bill which the Germans are STILL paying to Israel for that same six million Hebes who have been gassed so often.

The new "reparations" will be added to the more than SIX BILLION dollars already paid to these Jew parasites in Israel from Germany ALONE! The USA has ALSO paid these kikes fantastic sums in "aid", tax-exemptions, etc. Altogether, Ben Gurion's gang has managed to swindle the world out of more than TWENTY BILLION dollars for a state not much bigger than Rhode Island, which they stole from the Arabs by force and violence!

Why run a hockshop when you can set up a nice "state" and get "aid", "reparations" and billions of dollars in plain BLACKMAIL? The coons in Africa are copying this neat Jew trick now, too, and any three niggers who can mark an "X" on a request for membership in the black "UN" are now able to become a "new nation", "emerging", and demand MORE billions of tax money produced by White Men.

The Jews in Israel have the Germans all working like slaves, now, for them, while the niggers in Africa have the Whites of the USA working as slaves for THEM.

If our Founding Fathers could return to see what has been done with the world they won for us, they would give it all back to the Indians.

DESPERATE JEWS

The Jews in Minnesota were desperately anxious last week to stop my speech before the third largest university in America in Minneapolis.

One of the tricks they tried really backfired.

Just as I was about to step on the stage, a squad of plainclothes men burst in and I was searched.

Seems the Jews had reported that I was "armed".

The source of this Jewish horror was a "pipe holster".

Placing my pipe full of ashes regularly in my pockets, my pockets get full of charcoal which filthies my hands and nails. So I recently purchased a little plastic holster which fits on the belt and into which I can stow my pipe instead of putting it in my pocket.

WHO NEEDS ENEMIES?

Last week, an organization called the National States Rights Party, headed by an ex-chiropractor named Edward Fields, held its annual convention in Louisville, Kentucky.

Since this organization contains a great many members who are also members of the American Nazi Party, and since I felt much good could come of a personal meeting between myself and Mr. Fields, I checked into a hotel in Louisville.

As soon as Fields learned of my presence, he came to my hotel room with Jim Thornton and Jerry Dutton. I welcomed him cordially and we had quite a good talk. I assured him I had no intention of attending his convention, which I knew he would consider disruptive, but that I did want to meet Mr. Grubbs and many other of the good people who would be there.

Fields complained bitterly that Robert Welch was calling him a Communist.

I sympathized, of course, but pointed out that Fields himself had, in the past, been doing this to me. Fields stated he intended to sue Mr. Welch, and I agreed that this should be done. We both agreed it was time for such malicious and stupid lies to cease among the various elements of the right wing.

Mr. Fields then stepped out into the corridor and gave a newspaper interview.

He informed the press that I am a "well known leftist" and that I tried to crash his meeting but that he, personally, gave me the choice of leaving quietly or "being thrown out". Mr. Fields added that I slunk away at that, and did not bother them again.

With friends such as we all have in the so-called "right wing"--who needs enemies?

OATMEAL AND MEN

As I dictate this at 6:00 AM, I am enjoying something which has long been withdrawn from our decadent American life; old fashioned OAT MEAL.

Many readers probably think I must be mad to write of such a thing, -oatmeal is something EVERYbody knows about.

But everybody does NOT know about REAL, old-fashioned oatmeal. You can't FIND it anymore in American stores. Like all our food, it is SOFT and almost pre-digested. "Quick-cooking", they call it, or "instant". Even what is labelled "Old-Fashioned" oatmeal is a pitiful, feeble imitation of the rough, tough product which once had to be cooked and stirred at LEAST half an hour and even then, STILL had a lot of chewing to be done to get at the nut-like flavor of the hard grains. And it is not only oatmeal which has been emasculated in decadent America. Grape-nuts used to take three or four minutes to chew each tough mouthful. They had CHARACTER. Now the are the "new" Grapenuts, that "melt" in your mouth. They almost do, too. And that's what I object to.

Character in people or products always involves some sort of RUGGEDNESS, -hardness. Our food products have all fallen victims to the American craze for super-luxury, ease, leisure, laziness and homogenization. Everything, including our PEOPLE, is becoming SOFT, UNIFORM and CHARACTERLESS.

For the benefit of those who want to find out by practical experience what I am writing of, get a can of John McCann's IRISH Oatmeal, which can is handsomely decorated in the fashion of our grandfathers, with divers medals and endorsements and signatures in gold and black and white and otherwise commending itself to the gentle patron, and cook and stir it for half an hour or so.

You will have to CHEW it a good while. But you will know by direct experience what CHARACTER is.

Dale Carnegie-ism has done to PEOPLE what pre-chewing and softening has done to our food. CHARACTER, ruggedness, individuality, toughness, -even meanness, -is OUT, today, in favor of hypocritical "popularity" gained by softly flattering others for personal gain, withdrawing all personal idiocyncrasies, hiding all personal "flavor" and blending softly into the great mass of other Dale-Carnegie-ites in an homogenous, disgusting and characterless mass of regimented educated fools.

People USED to be like the individual grains of McCann's Irish Oatmeal, -each was hard, individual, flavorful and separate and required a lot of "chewing" to be "digested". Now they are like the soft, runny gruel of "modern" oatmeal; indistinguishable from all the other grains, utterly characterless and uniform. Meet ONE modern, "Dale Carnegie" American "businessman", particularly the Ivy League type, and you have just about met them all.

To survive, America must go back to individual people with character and hardness. And I fondly hope THAT kind of old-fashioned American won't stand for "modern", pre-chewed oatmeal. I won't.

LEGAL BREAK-THROUGH

One of our most difficult problems is always that we cannot afford lawyers when we are charged with various offenses for standing up to Jew Communist and nigger tyranny.

Stormtrooper Alex De Fields is under $5,000 bond and charged with a felony in South Bend. His crime?--"trafficking in hate"!

With no money for a lawyer, I instructed him to ask the judge for me as his counsel. I told him to explain that he felt I could provide his very best defense to the charges and that the Constitution entitled him to the best possible defense.

THE JUDGE AGREED!

It is also a legal precedent, and will probably enable us to defend ourselves far more successfully in future trials all over the country.

In all of these cases where the charges are plainly unconstitutional and even fraudulent, I recommend all members and supporters request me personally as their counsel. If the request is denied, it will give us good grounds for appeal. If it is granted, as I think it must be since I am not practicing law for any money but only to counsel a friend in distress, I will guarantee to make it so hot for the Jews, Communists, nigger lovers, etc., that the charges will very probably be thrown out.

"Anti-Semitism" is a key weapon in the Communist arsenal -- its most effective and deadly weapon used to smear patriots, freeze the timid with fear, and generally divert attention away from Communist activities. And on occasion, where there is no "anti-Semitism," it has to be created. And it seems that the "Rockwells" -- with no significant following, but with great publicity and incredible co-operating from the news media -- are created, built up and used for these purposes. A hideous ogre is created, and then publicly 'associated' with any patriot whom the Reds wish to destroy.

STUPID SMEAR

One of the favorite lies of right-wingers who claim I am "working for the Jews" is that my job is to be "tied in" with "honest" patriots, thus "smearing" the good patriots. In other words, I am only a "Nazi" so that men like Welch, Buckley, Hargis, Smith, Fields, etc, can be "tied in" with me and thus "tarred" with the "Nazi" brush.

Last month, Life magazine published one of the worst smear articles YET on the whole right wing. It blasted not only Welch and Hargis, etc, but a lot of obscure people I never even HEARD of. There was almost a full page picture of Ed Fields.

But there wasn't ONE WORD about the American Nazi Party or me!

I would appreciate an explanation from these "Rockwell-is-a-tool-of-the-Jews" people. Here was the PERFECT chance to "smear" the "nice" guys with ME. But the Jews did just the OPPOSITE. My attackers are always saying I get unbelievable publicity and cooperation from the press. Well, Liz, and Ron and Ed and Don and the rest of you, --what has HAPPENED to my supposed deal with the Hebes? Not only do the Jews never pay me all the money they are supposed to, according to you folks, but now they leave me out when they are smearing "good guys". Why don't I get this "easy" publicity?

I will tell you.

I get MY publicity by risking my SKIN and my liberty and even my life. I FIGHT for it. I can get you all the publicity you want, any day you are ready to quit preening yourselves on what good Christians you are and do as Christ DID; that is, any time you are ready to take a SCOURGE and go forth into the streets, as Christ went into the Jew temple, and BEAT the traitors and race-mixers, as I "beat" them in public with our "Nazi" approach, our swastika and our attacks.

LATEST NIGGER FASHIONS

Robert Mitchem and a gang of Jews are making a movie in Jomo Kenyatta's Kenya in Africa.

They are having some difficulties.

Some of the Masai warriors who are starring in this nigger extravaganza are often careless about details of dress. In spite of pleas and explanations, these giant black bucks persist in appearing on camera in all their manly glory, naked.

Apparently the Jews who are producing this cannibal idyl are not yet quite ready for this bold step into realism.

One of our correspondents who is still trapped in Kenyatta's bloody Kenya reports that the Whites there are still laughing at what happened when the costume department of the movie company on location gathered the Masai warriors together and issued athletic supporters to help solve this problem.

The bucks were delighted. They promptly agreed to wear this item of clothing.

Next morning, when they marched on the set, these nigger movie heroes were resplendent in their athletic supporters--brightly painted in rainbow colors--and worn proudly on their heads!

EVERLAST
EVERLAST

GANGSTER GOV'T.

I am indebted to a good friend in Nashville, with whom I visited last week, for the following two items.

Gangsters, like Al Capone, used to make people pay for "protection". But at least, once you paid, you got the "protection".

Our government has gone the gangsters one better. They make you pay the "protection"-- huge taxes. But then you DON'T GET the "protection".

Instead, after taking your tax money, the government then abandons you to huge mobs of nigger criminals screaming "civil rights!"

My Nashville friend also pointed out an interesting fact: people often boast about having Scandinavian blood, German blood, French blood, Italian blood, English blood, etc.

But did you ever, in your whole life, ever hear anybody BOAST about having NIGGER blood! ?

LIGHT FROM LUCE

As the Jews continue to drive Newsweek and the rest of America's press to the left, Time magazine, by comparison, begins to look almost rightist.

In the issue of March 13, on page 102, Time actually quotes Thomas Jefferson, who wrote "All men are equal" in the Declaration of Independence, as saying "Negroes have a very strong and disagreeable odor. They seem to require less sleep. Their love is ardent but it kindles the senses only, not the imagination. In reason, they are much inferior to Whites; in imagination, they are dull, tasteless and anomalous. Their griefs are transient."

Unfortunately, Time does not give the source of this statement by Thomas Jefferson. But it thoroughly bears out what I have answered every time I have been asked in debates if I do not believe what Thomas Jefferson wrote that "All men are created equal". I always reply by pointing out that I do not believe Jefferson considered Negroes as "men" in the sense in which he was writing. This new "light" by Time and Mr. Luce thoroughly substantiates that fact.

LIKELY STORY

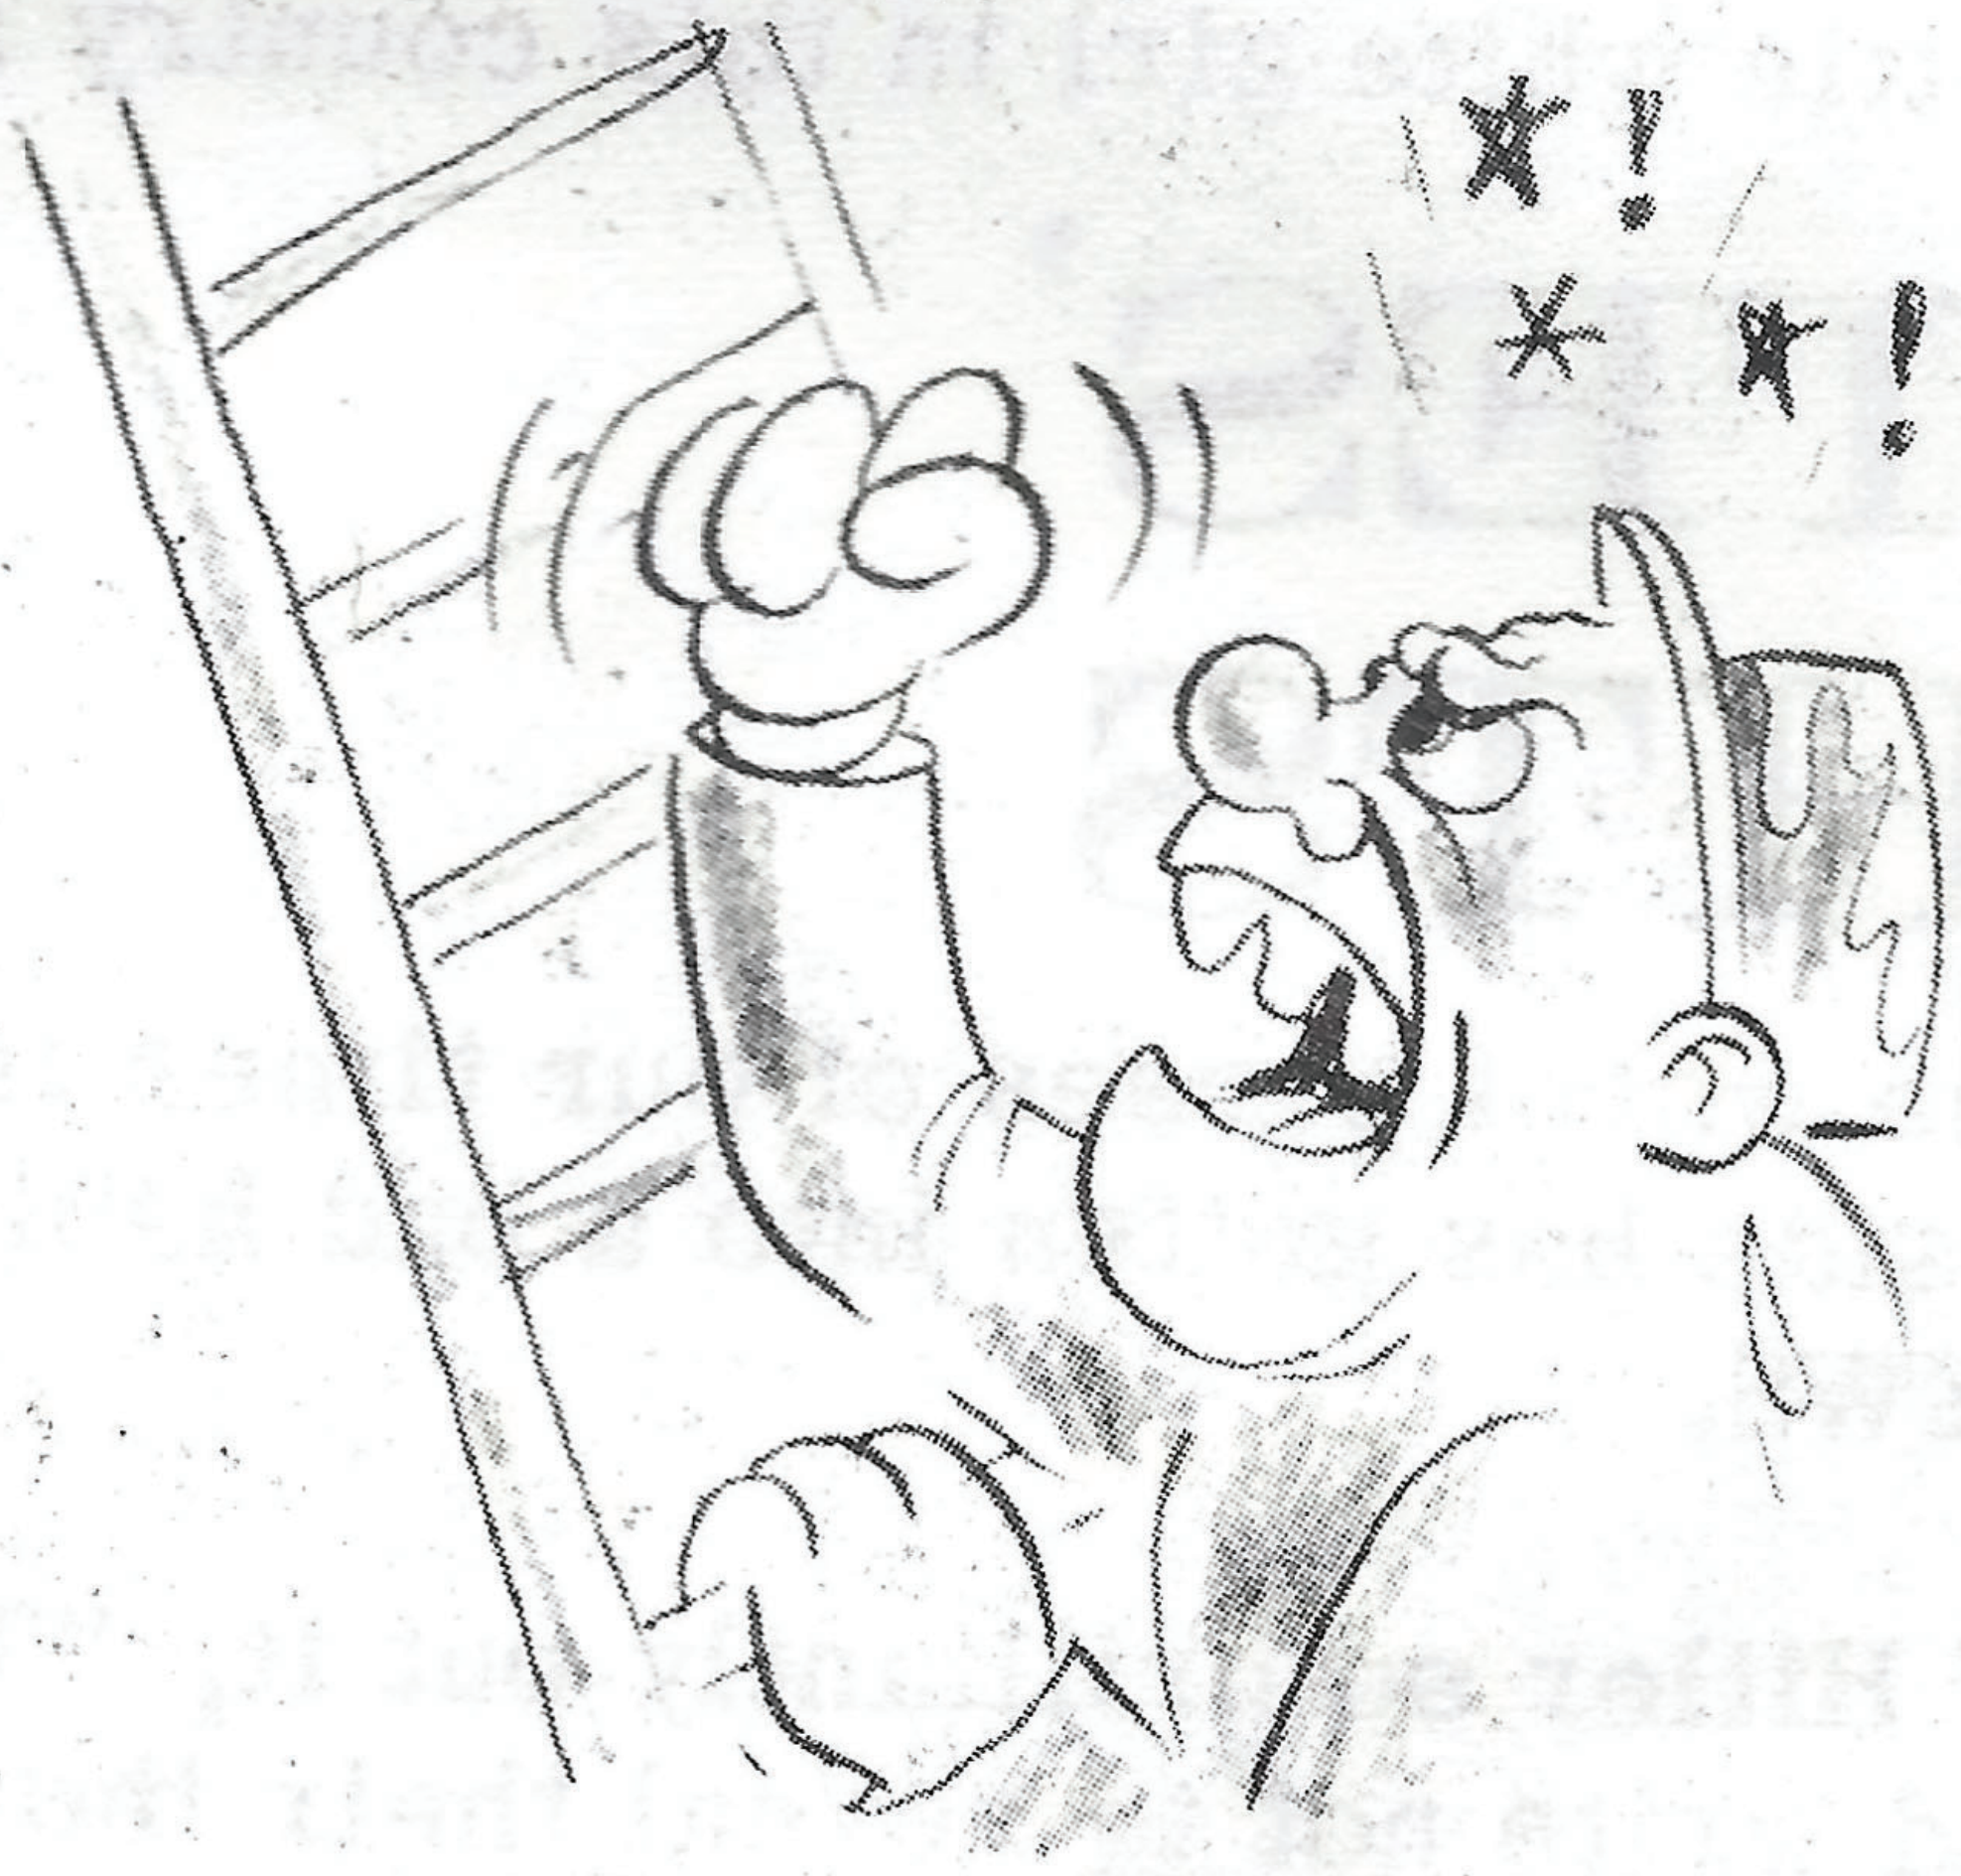
A news item in Minneapolis, where I spoke last week, has nothing to do with Nazism, but it is too good not to pass along.

Seems a lady who lived next to a construction job complained bitterly that she had been awakened by a "blue streak" of cursing and swearing from the construction job next door when a man on a ladder apparently had an accident.

In court, the whole story came out.

The man accused of the awful swearing explained to the judge that he was going up the ladder and a plumber up ahead of him had a bucketful of molten lead.

"As I was going up the ladder behind this guy with the bucket of hot lead", said the defendant, "this plumber got careless and spilled that whole bucket of hot lead down my back! But I didn't cuss like this lady says, your honor. All I said was, 'Hey, you plumber up there, please be more careful how you handle that hot lead!' "



SHAME!

I wish some of the nigger-lovers could have seen the sweet little teen-age White girl who came to our HQ in tears, -scared to death! She was scared of us, -but more scared of the savage black bucks with whom she went to school in D.C.

Her folks have a house they cannot sell in a neighborhood which has become almost all nigger. They do not dare leave the house except in the day time and then only in pairs or groups. The girl is forced to go to a school which is almost entirely black. She had a hard time telling us what had happened to her but I learned that, while she had not been raped, the savage niggers in that school had done just about everything else to her.

She had been to the teacher and to the principal. Both of these worthies dismissed her complaints as "bigotry" and "prejudice".

She had then gone to the only policeman she could find--another nigger. This upholder of law and order had simply told her there was nothing which could be done since the supposed offenders had not raped her and were "juveniles"!

In absolute desperation, she came to us and wanted us to "beat up" these black fiends who are torturing a helpless white girl in an impossible situation.

We, of course, can do little directly about thi nightmarish black situation. I have contacted the proper authorities and believe the girl will get protection.

But the only real solution to this sort of horror is to see that NO WHITE CHILD is ever subjected to the black savagry of these lustful nigger animals.

And this, in turn, cannot be done until we get not a politician, in the White House, but a man willing to go to jail or die if necessary before he will permit such unspeakable horrors to happen to even one innocent little white girl in this country again.

STATES' RIGHTS

One of the worst curses of our times is the fact that OUR side has gotten into a bad habit learned from the JEWS.

As Adolf Hitler so brilliantly put it, "The Jews speak and write not to reveal their thoughts, but to HIDE them."

Jews are masters at using words as CAMOUFLAGE. They use "brotherhood" to mean pulling the hood over the brother, as Russell Maguire used to say. They use "democracy" to mean Jewish domination and Communism. When they preach outright bigottry and hatred of patriots, they call them "bigots" and "hate-mongers", etc etc. Surely our readers are familiar with this Jewish business.

Anglo-Saxons and White Men are NOT sneaks, however. When they enter the lists to deceive, the Jews are BOUND to win, because the White Man is a man of FORCE, of DIRECTNESS and HONESTY. As a SNEAK and a deceiver he is a flop compared to the masters of sneaking, the Jews.

But, seeing the enormous success of the Jews in mislabelling everything, the White Man has been unable to resist the temptation to try the same techniques.

For years, in the "conservatives" movement, I was taught to call Jews "international bankers", "the octopus", "zionists" and even "the eskimoes"!!!!

The same Jewish habit has spilled over into the political field, with terrible results.

The people of the south are RACISTS. They believe, as I do, and as the facts prove, that niggers are miserably inferior, BIOLOGICALLY.

But that is a hard thing to come out and say. You get blasted for THAT statement.

It is safer and "nicer" to DUCK the question and call it something else.

So the vast majority of the "nice" people in the South don't say it plain and old-fashioned, that way.

Instead, they are for "State's Rights"!

This means, of course, that the States have the right to run their own show, which, in turn, means that the States in the South will see to it that the niggers get what's coming to them. That's the EASY way to do it. But it's also the unsuccessful way, because it DUCKS THE QUESTION and because it DIVIDES our people. There are a few people in the North who will talk "State's Rights", of course, in the usual Conservative manner, but no masses and millions. The MILLIONS in the North are beginning to talk RACIST, however, as the niggers keep PUSHING. When you talk "WHITE RIGHTS" you REACH millions in the North, East and West. When you talk "STATES' Rights", you reach only the same old gang of Conservatives.

If the reader still has doubts of the foolishness of this States' Rights approach, let him imagine the following situation; WE are running the Federal Government in Washington, and OUR people are in the White House. We see to it that anti-race-mixing laws are passed. But the Jews in New York City, controlling New York State, manage to pass State Laws forcing the little White Kids all around New York City to go to nigger schools, where they get diseases, raped, beaten, insulted and perhaps even killed from time to time.

Would YOU, under those circumstances, be for "States' Rights", --JEWS' "rights" to destroy our people? Damned if I would. When White boys and girls are under attack by niggers or Jews, I want the power to HELP them, wherever they are.

The "States' Rights" approach is basically DEFEATIST. It presumes we'll never get a real RACIST in that White House, and therefore we can only fight a rear-guard battle for "protection" from our own Federal Government.

The hell with THAT idea!

White Christian America can never WIN with that kind of defeatist strategy BUILT IN to our very souls. There is nothing WRONG with Federal power if a man like Washington or Jefferson or General Lee, for instance, HOLDS that power. And right now, we NEED that power to survive. Further splintering and dividing of our already broken down people only makes us easier prey for the enemy.

Let's stop the defeatist and deceptive "tricks" of using fake names like the Jews. Let us stand forth before the world for what we ARE, -WHITE RACISTS!

And let's stop the cowardly whines that we don't want "POWER". The "liberals", Jews, niggers and Communists NOW have the power to run us in our own Country, and they are running us OUT. Let's go after the power to run THEM out or gas them, as may be needed and legal. That's what millions of Americans want. And they will vote for leaders who have the guts to SAY it and FIGHT for it. They will NEVER vote for sissies who are afraid even to SAY what they mean.

BIGOTS IN BOSTON

The Jews and niggers recently ran an NAACP float in a Boston Saint Patrick's day parade.

In spite of huge pictures of Boston's idol, John Kennedy, the good Boston, Irish Catholic patriots pelted the nigger float with beer-cans, eggs and other items of derogation.

God bless the Boston "bigots"!

OF jEWS & nAZIS

Sometimes, in "right-wing" papers, you see the word "Jew" printed "jew".

I never do this. It seems to me a sign that we are impotent. Breaking literary discipline and committing spelling and capitalization errors does not seem to me, at least, to indicate that we are MASTERS of the Jews, -but rather the opposite. To me, such methods of "putting down" the Jews betrays a feeling of personal inadequacy and weakness. I prefer to gas Communist Jews to taking out my anger at their betrayals by writing "communist jews".

"How sweet it is", therefore, to find the once invincible Jews now following this psychological road to weakness and defeat.

For many, many years, even during the Hitler era, the New York Jewish "Examiner" has been writing about "Nazis" and the American Nazi Party.

As we have grown, they have begun to write less and less about us, with typical Jew ostrich strategy.

NOW these Kikes, when they MUST write about us, -(or the Germans), -refer to us as "nazis" and the American nazi Party"!

Bye bye, Jews! Us nazis are coming! We're just as mean and vicious with a little "n" as a big one. And the gas smells just as bad!

NIGGERS JUMP

Everywhere, the coons are getting too big for the britches made for them by the Jews.

The jigs, defying the moans of their Jew mentors, are declaring boycotts, marches and sit-ins, lie-ins, crawl-ins, etc, not "authorized" by the Yiddisher slave-masters. In fact, Malcolm X, as we have been predicting, has broken loose and, with Adam Clayton Powell has declared "war" on the White Man, complete with rifles, etc.

GREAT! Bring on the blood-thirsty niggers!

The only reason the jigs have survived at all is that so many fat-head "liberal" Whites have believed all the Jew lies about "equality". But when the coon army starts marching and shooting, even the cowardly "peace creeps" will be ready for the NAZI approach to the race-problem.

It will soon be warm enough so that the jig leaders will be able to get their black troops to crawl out of their dirty holes, lay aside their wine bottles, and start their nigger attack!

It ought to be a great summer for "bigots"!

FEMALE HORRORS

Josh Billings, one of my favorite early American humorists, use to say "Whenever I see a real handsome woman in a suffragette parade, I'm going to git out there and jine 'em".

I have just seen the pictures of the pinko battleaxes President Johnson has just appointed to various federal offices just before the presidential elections. God save us from such fierce females!

They all fit the same, predictable pattern--American Association of University Women--U. S. Information Agency--social directors, etc., etc.

If any of these old females war horses have "husbands", I should dearly like to see them--that is, if they are permitted out.

JEWS WITH "GUTS"

This week it has been revealed that old Jake Rubenstein told a policeman he shot Oswald to show "that Jews have guts".

Jake could have saved himself a lot of trouble. We are already convinced.

The Jew icepick killers of Murder, Inc., certainly displayed herorism and courage above and beyond the call of duty when they worked over their tied-up enemies with icepicks. Jake Rubenstein, true to Yiddish tradition of Murder, Inc., with gallant disregard of his life, attacked un-armed Oswald who was chained on both sides to policemen and shot him to death, thus displaying his tremendous Jewish "guts".

JEWISH CANNIBALISM

The Jews have just about run out of Nazi "war criminals" to torture and hang. Now, in Israel, they have gone beyond the ultimate.

The hebes have just convicted the leader of the Israeli symphony, a kike named Baranblatt, of helping the Nazis gas Jews.

They nailed the dirty Germans, the awful Pope, and now, in their wild hysteria, they're after even JEWS!

They remind me of an enraged, hate-crazed snake, striking and biting at its own tail.

WHY THEY HATE HOFFA

"Yours-for-a-Soviet-America"-Walter Reuther and the Jews and Reds running labor, have never forgiven Hoffa for taking the Teamsters out of the Communist-ridden CIO and making this union into the biggest and most powerful in the world.

I have had several personal talks with James Hoffa. There is no doubt that he is a sort of "gangster". But I know from personal experience that he is strongly ANTI-COMMUNIST.

Reuther and his rotten pink and red gang want the Teamsters BACK IN THE CIO!

That's what is behind the all-out attack by Bobby and the Jews in the Justice Department.

And I unfortunately believe, now that Hoffa has been convicted and sentenced, that they will succeed. Hoffa is a fighter, and has lots of power, money and fight left in him. But he can't buck the endless resources of the whole U. S. Government being used by Bobby to pack him off to jail.

And when Hoffa is gone, there is little doubt in my mind that whoever replaces him will not have the strength to remain out of Reuther's CIO very long.

God help us then. Many people moan and groan about Hoffa's power but at least it kept Communist labor SPLIT! If the Teamsters can be dragged back into the CIO, it will create a labor colossus in the hands of criminals, Communists and enemies of our race and nation--a colossus so vast and powerful that nothing in America will be able to stand against it.

KHRUSCHEV CONFIDES TO JEWS

The Intermountain Jew News from Denver last week, reported that a group of Western Jews asked Khruschev why there were not more Jews in leading positions in the Soviet Union any more.

Khruschev, very candidly, replied that right after the Revolution, when almost the entire Communist Government was Yiddish, there was "too much resentment among the people", --and it had been found better to keep the Jews more in "the background"!

Too bad more dumb Goyim do not read these revealing Jew papers!
